Subject: Re: Haystack site visit

Zein,
I just want to confirm our site visit next week, March 29th. My understanding is that we will meet at 9 am at the closed bar (is it tomahawk bar?) at the Pruitt Exit off I-40.
I have extended the invitation to NMED, and just trying to make sure we are all on the same page.

Thanks,
Kenneth B Rhame

Hello Ken,

I was given information about your upcoming visit to Haystack from Jeff Lewellin. He will be away on the 29th, so I will attend in his absence. We met at the Section 10 downhole camera field session last year.

Mining and Minerals Division is also interested in attending; DJ Ennis is the contact and he is cc'd on this email.

As we will be traveling from Santa Fe that morning, is there any chance the start time could be moved to 9am instead of 8:30?

Thanks,
Amber
